Overview

Six Colorado schools are ranked in the 2026 College Free Speech Rankings. The state's average speech-climate grade is D–, compared to a national average of F.

The University of Colorado Boulder ranks 5 overall and is the top-ranked school in the state — and one of the top-ranked schools nationally. CU Boulder holds a “green light” rating in FIRE’s Spotlight database and has adopted a statement on institutional neutrality. The University of Colorado Board of Regents has also affirmed the pro-free speech Chicago Statement.

Other campuses in Colorado hold “yellow light” ratings, meaning their written policies threaten student expression. Strengthening policies and expanding formal commitments to expressive rights could help those schools rise in future rankings.
